

# ona bleach

## The Ultimate Cleaner.

Developed to Super Clean and Remove Mineral Deposits.

Safe • Removes Biofilm  
Powerful • Effective  
Easy to flush - diluted  
residue is plant  
safe.

### Removes all biofilm, mineral deposits & salts and unwanted organics - safely. Eco-friendly.

ONA Bleach will clean spaghetti lines, reservoirs, clay beds and other bed bases from biofilm, calcium, magnesium and mineral deposits and undesirable organics.

Pump through system until clean then flush with clean water. Mild dilution of ONA Bleach will NOT harm plants or roots.

ONA Bleach is a potent hydroponics cleaning and decalcification system. Simply combine equal parts of ONA Bleach (A) with ONA Bleach (B), let mixture activate for 3-5 minutes and then add to water to make dilution. ONA Bleach to water - 1:1000 for 50 ppm. Circulate through your system for 30 to 60 minutes. For best results in dissolving salt and mineral buildup, circulate for up to 12 hours.

Drain tank and flush system with clean water. Dilution of up to 2 ppm of ONA Bleach is plant safe.

#### Product Sizes

ONA Bleach comes in sets of 8 oz (250 ml), 1 qt (1 L) and 1 gal US (4 L) jugs.

Ona permanently eliminates any airborne odors, cleanly and effectively. Ona is environmentally friendly, non-toxic and easy to use. Ona is an industrial strength odor neutralizer, yet can be safely used around people and pets. Everyone who uses it knows...ona works great to make those bad smells disappear. Pets, plants, garbage, smoke, germs, mildew - all are gone with the power of ONA.
